

**SCHUYLKILL BUILDERS ASSOCIATION**  
 1036 Schuylkill Mountain Road Schuylkill Haven, PA 17972 570-385-3360

April 2018

Dear Member,

Two new benefits for NAHB members—Amazon Business: sign up for a free business account with Amazon which includes free shipping on “eligible” orders over \$25.00. Capital One Spark business card: no annual fee and 2% cash back on every purchase. A re-cap of all NAHB member benefits is included on reverse/attachment.

Tariffs on Canadian lumber continue to increase costs of construction, included in the \$1.3 trillion dollar budget recently passed by Federal Government is legislation that removes regulatory hurdles in forest management projects and forestry reform measures that will help increase timber production from federal lands. NAHB is also asking members to contact Congress to urge President Trump to re-start softwood lumber trade negotiations with Canada.

General consensus in the home building industry statistics show that buyer demand is up although current supply of new homes is low, sales of new homes remain steady and building permits are increasing. See the following chart (from NAHB):

**General Membership Meeting—**
